The actual membership fee paid by members will depend upon the combination of optional benefits selected, affiliation with other organizations within the health, wellness and beauty disciplines, periodic special promotional pricing offers, and may be different from one member to another. The membership has no effect on the price or amount of optional insurance coverage. Regardless of the membership fee paid by a member, the premium to the insurance company underwriting the insurance benefits for those members electing insurance is always paid in full and is the same amount for the category of professional or student membership selected. The price of insurance is non-negotiable and will not be affected by discounts for other membership benefits. Any discounts or special promotions offered by PPAI will only be applicable to membership benefits other than the insurance premium.

Thank you for becoming a member of PPAI. Please let us know how we can be of service.
